

FALL 2006

DON'T LET WINTER DO THIS TO YOUR LANDSCAPE—LET US BLOW OUT YOUR SPRINKLERS

http://kbreit.dyndns.org:8080/photos/Ice/ice_146.jpg

Does your yard need a fall cleanup? Call us for a free quote.

Winter can create havoc on your sprinkler system. The most common damage caused by not blowing out your sprinkler system is breaking the brass ball valves on your backflow (the brass and copper device that is just outside your house). This can be costly to repair, usually more expensive than the preventative measure of blowing out the system. In worse cases, underground pipes can burst, causing extensive repairs throughout your yard. At times, you may even have a pipe in your house break and possibly leaking into your basement. Let the professionals at Fuhrman Landscaping protect your system from the winter. We are taking appointments for the first 2 weeks of October, call (970) 567-3242 to make your reservation now.

IT'S BEEN A GREAT YEAR—THANK YOU!

The year is coming to a close and we have so much to be thankful for. First, I would like to thank our clients! Without you, we'd never be here now. Second, I would like to thank my family and friends who have helped me get this far. And last, but never least, are all those people involved in making this dream a reality.

DAN RE-ENLISTS IN THE ARMY NATIONAL GUARD

Owner, Dan Fuhrman has re-enlisted for another 6 years in the Army National Guard. Dan is a staff sergeant and is currently assigned as an interrogator in a military intelligence battalion in the Army National Guard.

The Fuhrman Team

THE TEAM GROWS

We have been fortunate in this, our first year of business, to have such great clients as you and such great team members. I am proud to welcome Dan Gauden and Marshall Grant to the team.
